## -Privet Sector

2010-2012: Sales Manager of Central IRAQ for EATON Co.

For EATON Co. I worked as sales manager for EATON Electrical MV and LV (RMU, MCCB, MCB....) products in the central region of IRAQ.

We managed to establish a good network of distributors for EATON electrical products.

EATON threw its distributers in IRAQ succeeded to win many projects to supply electrical products for local markets and governmental ministries precisely MOE.

First year turnover was about 1.4 M\$, the second year sales increased up to 2.3 M\$.

2012-2013: Sales Manager of Central IRAQ for BABYLON PS.

Babylon Power Solution is a company registered in UAE and its local office is located in Erbil-Kurdistan, it's a comprehensive electrical equipment distributor and service provider.

Babylon P.S. deals with UPS, Voltage Stabilizers, Gen. Sets, Batteries and many other electrical products.

I worked as sales manager for Babylon P.S in central and southern region of IRAQ.

2013-2014: Project Manager of LSis Co. for Constructing SCADA Projects in 7 Governorates.

LSis is a company of KOREAN LG Group won Iraqi MOE project to supply, install, test and commission and put in service SCADA systems for electrical distribution networks in 7 Iraqi governorates.

The project covers (418) substations and (150) maintenance centers.

I worked with LSis as the field project manager and been responsible for a team of 12 engineers to perform site survey and substations data analysis for SCADA project design.

2015-Till now: Consultant Engineer of Al-Noor Al-Thaqib Co. for constructing smart meters project (50k) electrical consumers at Zayona and Palestine districts and supervision for electrical network maintenance and collection activities of electrical Bills for the above mentioned Districts.
